Flag Lines for Safe Work Zones

Barricade Flag Lines:

1632-RBR-100

1/4" Black rope 100 foot in length with red pennants every 36"

1632-YBY-100

1/4" Black rope 100 foot in length with yellow pennants every 36"

1635-TC-MAG
Magnetic cone adapter to hold 1/4" rope or standard barricade tape

1632-GRP-100 Barricade line 100 foot
1632-GRP-300 Barricade line 300 foot

1/4" Hi Viz Green rope with rocket red pennants every 36"

Enhancing the visibility of a hazard is important in many scenarios and the Estex flag lines can assist:

- New Construction or identifying open trench lines in work zone
- Substation applications
- Barricading off a truck
- Barricading the public from your work site

The 1/4" or 3/8" flag lines enhances visibility as an elevated warning line. Cranes and heavy equipment can cause damage to overhead lines. This work method protects your investment in infrastructure and provides a safety factor to your workers.
