CREATING A SMARTER AND SAFER WORK ZONE

ESTEX Collapsible Bucket Cover

Estex is proud to introduce our Patent Pending Collapsible Bucket Covers. These covers combine the best features of all covers currently available in the market.

FEATURES:

- Easy Storage
 - Folds upon itself so it can fit into a bin or small area
- Rigid
 - Polycomb slates that prevent standing water on top of the cover
 - Durable
 - Lightweight
- Cinch Strap Closure - additional safety feature
- Rope Lanyard

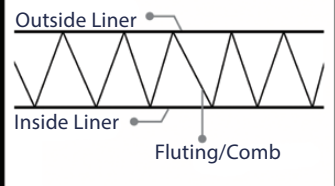

AVAILABLE IN STANDARD SIZES:

2713WC-24-24	1 MAN
2713WC-24-32	1 1/2 MAN
2713WC-27-44	1 1/2 MAN W/CONTROL
2713WC-33-65	2 MAN

Bucket Covers

POLYCOMB STRUCTURE

RATED CANVAS AND VINYL BUCKETS

In your everyday work environment, rated rope, wire, and webbing slings are used for hoisting and positioning hardware and equipment. The rating system in these products provides the source and the rationale for the development of the Estex rated tool bucket. Standardized testing, in this case, provides a **Working Load Limit** that is measurable and is therefore certifiable. The goal: **SAFER WORK PRACTICES LEADING TO FEWER AND REDUCED WORKER INJURIES AND CLOSING THE LOOP ON YOUR LIFTING SYSTEM.**

Estex #2061-17 & 2069-17

- Rated at 80 lbs. Working Load Limit
- Heavy Weight Canvas Duck
- Leather reinforced bottom
- 6" x 8" inside pocket
- 12" Diameter x 17" Height
- Polymer ring, IZOD Impact Strength 0.65 ft. lb. per in. as per ASTM D256
- **Brass swivel Snap on #2069-17**

Estex #2063 & 2070

- Rated at 80 lbs. Working Load Limit
- Heavy Weight Canvas Duck
- Black engineered polymer bottom
- Drainage holes
- 6" x 8" inside pocket
- 12" Diameter x 15" Height
- Polymer ring, IZOD Impact Strength 0.65 ft. lb. per in. as per ASTM D256
- **Brass swivel snap on #2070**

Estex #2066 & 2078

- Rated at 80 lbs. Working Load Limit
- Heavy duty 18 oz. Vinyl
- Black engineered polymer bottom
- Drainage holes
- 6" x 8" inside pocket
- 12" Diameter x 15" Height
- Polymer ring, IZOD Impact Strength 0.65 ft. lb. per in. as per ASTM D256
- **Brass swivel snap on #2078**

LINE HOSE BAGS

Estex's Line Hose bags, designed to provide a **SAFE** and easy method of hoisting Insulated Line Hose and Insulated Blankets up to the work area, are now rated to give you extra peace of mind. As always, when it comes to **SAFETY**, you can be certain Estex always puts you first.

Estex #1940 & #1950

- Rated at 80 lbs. Working Load Limit
- Heavy Weight Canvas Duck
- 12" Diameter x 48" height
- Black engineered polymer bottom
- Drainage holes
- Polymer ring, IZOD Impact Strength 0.65 ft. lb. per in. as per ASTM D256
- **Brass swivel snap on #1950**

COMPLIANCE

What Is Working Load Limit?

Working Load Limit refers to an assessment of the maximum load an item can lift in a particular configuration and application.

Estex Rated Canvas and Vinyl bags give you the security of knowing they've been independently tested and proven.

Estex Strongly recommends checking integrity BEFORE EACH USE.

ILLUMINATED AERIAL TOOL APRON

Estex # 1829-DP-LED
23.8"L x 4"W x 21.25"H

MOLDED TOOL BOARD:
Estex # 1829-BLDP-LED
23.8"L x 4"W x 21.25"H

APRON FEATURES:

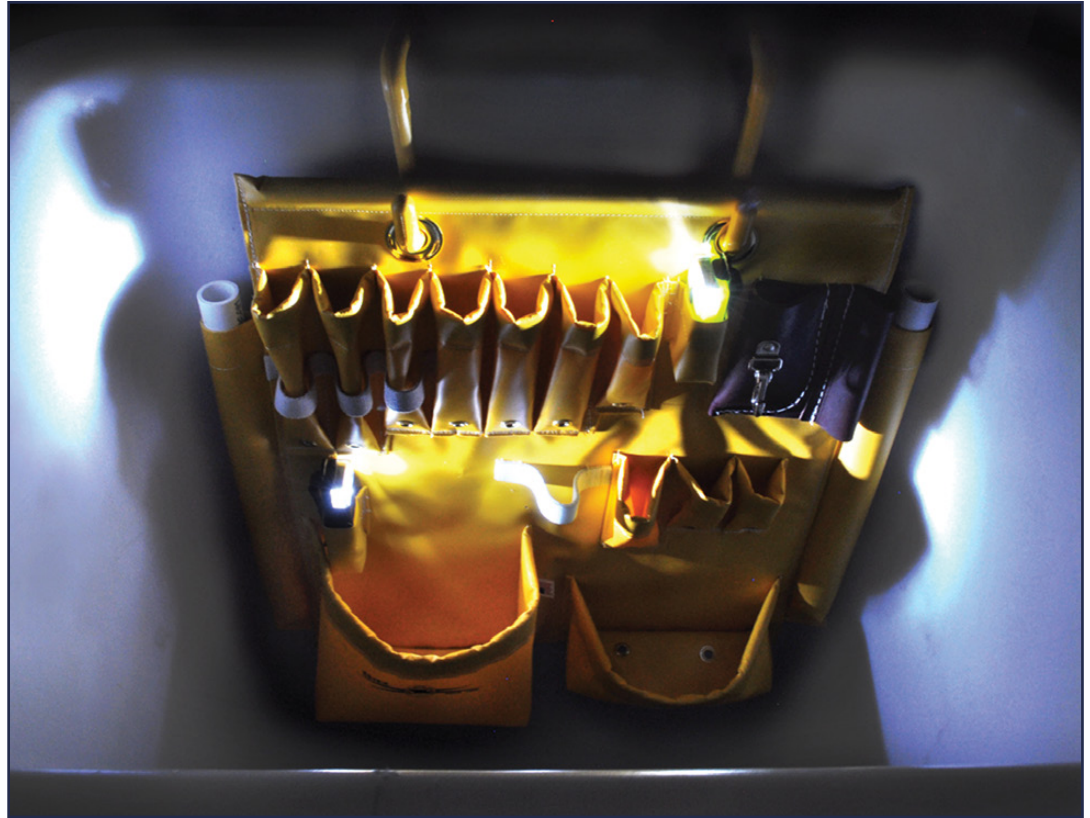

- 7 Hand Tool Pockets with 3 Loops for Tools
- 3 Socket Pockets
- 2 Pouches
- 2 Drill Bit Pouches
- Knife & Sheath holder
- Hammer Loop

LIGHT FEATURES:

- 2 Light Intensities: Low and Full Power
- 10 Bright White LED bulbs
- Powered by 3 AA Batteries
- Water Proof to 20 ft. (6 m)
- Fire & Impact resistant
- *Meets NFPA Fire Resistant Requirements: 500° F (200° C) for 30 minutes

This Aerial Bucket Apron has many tool pockets and pouches dispersed over two rows, each row illuminated by a compact, powerful LED flashlight for maximum visibility during night-time jobs

The aerial bucket acts as a reflector to amplify the luminosity of the LED Flashlights, producing a daylight-like effect

Lights on product provide the only light for this image. No flash, overhead lighting, or daylight used. Image captured in otherwise total darkness.

Flashlights boast 10 white bulbs and 2 intensity settings to customize your workstation illumination. Light pockets hold lights extremely snug but allow for removal to facilitate light maintenance/replacement.

LOAD SECUREMENT

COMPLIANCE CORNER

ESTEX Rated Tool Buckets with a Working Load Limit is *COMMON SENSE COMPLIANCE* in today's working environment.

US DOT Federal Motor Carrier Safety Administration, Subpart A, Section 392.9 states in part, "a driver may not operate a commercial vehicle... unless...the cargo is properly distributed and adequately secured..."

-In order to comply with this requirement, our customers mandated that loose tools be stowed or secured.

Estex #2070-DSC

- Rated at 80 lbs. Working Load Limit
- Heavy Weight Canvas Duck
- Black engineered polymer bottom
- Drainage holes
- 6" x 8" inside pocket
- 12" Diameter x 15" height
- Polymer ring, IZOD Impact Strength 0.65 ft. lb. per in. as per ASTM D256
- Brass swivel snap
- Nylon Drawstring Closure

Permanently Attached Lid

Estex #2078-FTC

- Rated at 80 lbs Working Load Limit
- Heavy 18 oz. Vinyl
- Black engineered polymer bottom
- 12" Diameter x 15" Height
- Polymer Ring, IZOD Impact Strength 0.65 ft. lb. per in. as per ASTM 0256
- Brass Swivel Snap
- Permanently Attached Flip-Top Lid

2098 & 2098-V

- 13" Diameter x 4" Side Gusset
- Very secure hook and loop side attachment
- 2098 made of Heavy Weight Canvas
- 2098-V made of Heavy Duty Vinyl
- Fits Estex 12" Buckets

Estex # 1820-HBCS1

15" L x 7" W x 9" H

- Cover for securing contents
- Soft step bumper to protect Gel Coat
- Hardbody reinforced
- 15 interior pockets

Estex # 1807-3

16" L x 9" W x 20" H

- Safety strap across top to secure tools
- Padded base protects gel coat from damage
- 5 interior plastic divider compartments to separate tools

Estex # 2651-AP-S1

10" L x 3" W x 19" H

- Hook and loop flap secures tools inside bag
- 2 separate tool compartments

DROPPED OBJECT PREVENTION

ESTEX MANUFACTURING offers a variety of ways to tether tools to prevent the accidental drop of an object at height. In industries like:

- Construction - Petrochemical - Offshore Rigs - Aerospace - Telecommunications - Power/Utilities -

At height dropped objects threaten your workforce with physical harm and even death. At low levels a dropped object on a production line or into a complex piece of machinery can cause mechanical failure or contamination and cause onerous expenditures to remedy.

Estex #2075-1215VC

- Secure hook and loop closure
- Rated at 115 lbs. Working Load Limit
- Heavy weight canvas duck
- Captive Eye Carabiner with Locking Latch Closure
- Polymer ring, IZOD Impact Strength 0.65 ft. lb. per in. as per ASTM D256
- 12" Diameter x 15" Height (excluding additional hook and loop closure)

7" L x 4" W x 12" H

Estex #1140-1-DSC
Riggers Bag

- Heavy Duty Canvas Duck
- 2 Drift Pin Pouches
- 4" Tunnel Loop for Attachment
- Nylon Drawstring Closure

15" L x 7" W x 9" H

Estex #181514-HQ2S-LC

- Prevents accidental dropping of heavy tools/items from tool bag using attachment points in web attachment lace, which lines top edge of bucket
- Use with Estex Shock Absorbing Lanyards and/or Trigger to Trigger lanyards
- Inside and outside pockets for tool storage

TOOL CONTROL POUCHES

Estex #1140-DP
7" L x 4" W x 12" H
Tool Control Pouch

Estex #1140-DP-4TR
8.5" L x 3" W x 12" H
Tool Control Pouch With Lanyards

Estex #1061-CV
8.5" L x 3" W x 10" H
Nut/Bolt Bag with No-Spill Cover

Slit in cover allows easy access but keeps contents in

Estex #1132-HR-2P
3.5" L x 1.75" W x 6.5" H
Retractor-Style Harness-Mounted
2 Pocket Tool Holster

LANYARDS AND WRIST ATTACHMENT POINTS

Shock Absorbing Lanyard
Estex # 3012-TTSH-33
33" Long

Wrist Cuff Lanyard Attachment

- Estex #3017-S
Small Wrist Strap
- Estex #3017-M
Medium Wrist Strap
- Estex #3017-L
Large Wrist Strap

Trigger-to-Trigger Webbing Lanyard

- Estex #3012-TT-R12
12" Tool Lanyard
- Estex #3012-TT-R24
24" Tool Lanyard
- Estex #3012-TT-R36
36" Tool Lanyard

LOAD CARRYING SYSTEM BY ESTEX

The **perfect** load carrying system should not impede the user's natural posture, balance and movement of the body. It is ideal to disperse the load in a balanced manner and should not produce forces on the body that cause it to incline itself to compensate for the load. Estex created two models with these principles in mind: The **Linemen's PPE Pack** for Linemen's Personal Protection Equipment and lighter loads, and the **Linemen's Equipment Pack** for heavier loads.

Linemen's PPE Pack

Perfect Solution for when you need a contemporary Linemen's Tool Bag
Holds a lineman's belt, hard hat, boots, gloves, and climbers with room to spare

Estex #2138-B-4P
Main Compartment:
22" h x 15" w x 9" d
Front Pocket:
12" h x 12" w x 4.5" d
Side Pockets:
8.5" h x 6" w x 2.5" d

FEATURES:

- 2-way Nylon Zipper
- Water Proof Bottom
- Adjustable Military Style Chest and Shoulder Straps padded for most comfort
- Ventilated Pockets

Linemen's Equipment Pack

Perfect Solution for when you need to hike into remote areas

Estex #2138F-10
Main Compartment:
26" h x 13" w x 8" d
Front Pocket:
22" h x 13" w x 3.5" d

FEATURES:

- Ergonomic Design maximizes productivity by reducing the wearer's fatigue and discomfort
- Pack is interchangeable with other packs
- Made from heavyweight, 22 oz. American-Woven material
- Heavy duty padded suspension shoulder and hip harness support
- Lightweight Aluminum frame manages a shifting load
- Designed to shift weight from the wearer's back to his legs
